DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with W. William Park, Reg. No. 55,523, on 25 May 2005.

The application has been amended as follows:

In the Claims:

In claim 3, line 1: "of Claim 2" has been replaced with --of Claim 1--.

End of examiner's amendment.

Allowable Subject Matter

2. Claims 1 and 3-11 are allowed.
3. The following is an examiner's statement of reasons for allowance:

The prior art does not disclose the device of claim 1, in particular the limitation (from the previous claim 2) that the hole is a rectangular [or square, which is a specific example of rectangular] hole (in combination with the limitation that the pixel electrode partially but not completely covers the hole, which excludes contact holes like that in

Art Unit: 2871

Hatano). For instance, *Kim* '636 is silent on the shape of the hole, and apparently analogous holes in U.S. Patent No. 6,600,539 to *Song* [see Figs. 4 and 5] and in U.S. Patent No. 6,657,695 to *Song et al.* [see Fig. 7] are not rectangular. Claim 1 is therefore allowed, as are its dependent claims 3-11.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
